

LaboDry Dryer RF6088D

Descriptions:

LaboDry Drying Machine is designed to meet AATCC home laundering procedures, is also called AATCC Dryer or AATCC Drying Machine.

The LaboDry drying machine is so designed as to meet all the related AATCC testing standards. In addition, one more design is made to control the drying time by the target relative humidity value measured at the position of the exhaust duct..

Test scope:

Textile Fabrics.

Specifications:

1. Temperature Automatic Control: $\pm 1^{\circ}\text{C}$.
2. Drying Time: ± 10 seconds.
3. Cooling Time: ± 10 seconds.
4. Loading capacity: 10.5kg max.
5. Language: English/Chinese.
6. Door safe switch.
7. LED indicators signals.
8. Power: AC230V 50Hz, 5.0kW
9. Dimension: 685(L) \times 710(W) \times 1100(H)mm
10. Weight: Appro. 65kg

Standards:

AATCC TM88B, TM88C, TM124, TM130, TM135, TM143, TM150, TM179, and TM207, AATCC LP1-Home Laundering: Drying Washing-Table VI, etc..
